Inherit the Truth is a unique musical and cultural event to commemorate Holocaust Memorial Day 2018, taking place in at Exeter Cathedral on 1st February 2018. It will bring together powerful, evocative music and a message of reconciliation and hope that can serve to transform our social and personal attitudes, creating an understanding that we need to work together towards a more cohesive, compassionate society.

Solidarity with vulnerable groups

This event will celebrate diversity and is designed to demonstrate solidarity with, and support for vulnerable groups in our communities today. Remembrance of the Holocaust and other genocides reminds us that equality, respect and inclusion are vital ingredients of an open, democratic society. For this reason, priority places are being offered to schools, minority faith and belief groups, LGBT and disability groups and other vulnerable communities and support groups.

The Power of Words

The Power of Words is the theme for HMD2018 and this event will symbolise the way in which words and music have the power to overcome hatred.

Words can make a difference – both for good and evil.

'I want to go on living even after my death! And that's why I am so grateful to God for having given me this gift, which I can use to develop myself and to express all that's in me. When I write I can shake off all my cares; my sorrow disappears; my spirits are revived.' -

Anne Frank, written in her diary, 5 April 1944
